The Flesh Self

Emotions, feelings, ego, and fear are the creation of the flesh and are lived through the flesh mind, having awareness through consciousness.

Thus creating the appearance of separation from God and your neighbor. Creation itself is One.
Living from the "me first, or me only mindset", is lacking the trust in God and living from oneself, not from your spiritual self.

The purpose of life-lives in a flesh existence is to experience all of the above, and overcome those challenges.

From your spiritual self, all you have is the knowledge of those flesh perspectives. Like when you see a roller coaster, imagine what it is like to ride on it, but without employing it through those physical senses, there is no real understanding or reality unless it is experienced.
Nothing learned.

The purpose is to have flesh life experiences. Overcome the shortcomings from the flesh senses. Judgement from your higher self; yes judgement from yourself, the God in you. Enabling the soul to overcome the shortcomings of the flesh life.

This also includes how you experience and understand your sin-evils which are no more than negativities throughout your experiences.
Negativity has purpose, and your true spirit has that understanding, the flesh does not.

John 15:19
If ye were of the world, the world would love his own: but because ye are not of the world, but I have chosen you out of the world, therefore the world hateth you.

Life is religion, life is worship and reverence to our Lord. Overcoming the flesh is living a life with and in love with Creation. Always a work in progress that is growing closer to heaven (within). The eternal life-lives of the soul.
